

Grant & Loan Opportunities for Storm Water Projects

**Susan Gladstone
Sr. Environmental Scientist
Grants & Non Point Source Program
San Francisco Bay
Regional Water Quality Control Board**

>State Revolving Fund

>Proposition 84

A decorative graphic of a winding river flows from the top right towards the bottom left of the slide. The river is depicted with a light blue center and darker blue, wavy borders, set against a solid blue background.

Eligibility & Project Types
Application Process
Timeline
Regional Priorities

Clean Water State Revolving Fund

...low interest loans

- publicly or privately owned facilities are eligible
 - eligible projects include:
 - pipe, storage, treatment systems
 - green infrastructure; land or right-of-way purchase
 - Statewide Project Priority List adopted annually
- 
- A decorative graphic of a winding river flows from the top right towards the bottom left of the slide. The river is depicted with a light blue center and darker blue, wavy borders, set against a solid blue background.

Proposition 84 Grant Program

- Storm Water
 - \$82M total - \$5M cap per project
 - local public agencies
 - Areas of Special Biological Significance (ASBS)
 - \$32 M total - \$2.5M max amount
 - public agencies with application for exception to discharge prohibition
- 

Proposition 84 Grant Program continued....

- **Storm Water Project Types**

- Comply w/ storm water TMDLs
 - Low Impact Development
 - treatment/source control for new development
 - treat/recycle storm water
 - improvements to combined systems
 - required by NPDES storm water permits
 - assess project effectiveness
- 
- A decorative graphic on the right side of the slide depicts a winding river. The river is represented by a blue line that meanders through a grey, semi-transparent rectangular area. Below this, the river continues as a blue line on the blue background, with several lighter blue, wavy lines trailing behind it to suggest movement or a larger body of water.

Proposition 84 Grant Program continued....

- **ASBS Funding Priorities....**
- **.... & some Preferences**
 - LID, smart growth, transit-oriented, green building
 - local agency commitment via policy or ordinance
 - Projects that support local land use planning for sustainable development
 - storm water treatment for re-use

Proposition 84 Grant Program continued....

- Storm Water
